COLOMBIA'S PROTEST

REGARDED BY WASHINGTON DIPLOMATS AS A BREACH OF THE PROPRIETIES.

MAY BE ENTIRELY IGNORED

THE MANNER OF TRANSMISSION MAKES THAT COURSE OPEN FOR UNITED STATES.

Washington, Nov. 17.—In a note addressed to M. Bunau-Varilla, as minister plenipotentiary and envoy extraordinary of the republic of the Isthmus, M. Jusserand, the French ambassador, Monday night officially recognized the new envoy and informed him he would be received at the embassy today by his excellency and duly recognized. The ambassador's action is in accordance with a cablegram received from the French foreign office Monday night.

The action of President Marroquin in sending a protest to the United States senate is regarded by diplomats here as a serious breach of the proprieties, but the matter probably will not be dealt with in a harsh manner. Secretary Hay has not yet seen the protest but will read it today and unofficially the president may see it, but it is felt the communication might be entirely ignored if the government chose to do so in view of the extraordinary course taken in forwarding it.

Protest Received by Senator Frye.

The protest of the Colombian government against the recognition by the United States of the independence of Panama was received Monday by Senator Frye as president pro tem. of the senate. The document was not laid before the senate because of the diplomatic requirement that it should be transmitted through the secretary of state. It is in Spanish and Senator Frye had it translated with a view to transmitting it to Secretary Hay. It will be sent to the secretary with the request that it be speedily returned when Senator Frye will lay it before the senate.

The document expresses surprise at the recognition of the Panama republic by the United States, which republic, it states, was the result of a barracks coup in the Department of Panama, and appeals to the people of the United States to assist Colombia in maintaining the integrity of her territory.

The Colombian authorities have also cabled a lengthy protest to London against the United States' action toward Panama, claiming the main responsibility for the secession of Panama lies with the United States government.

The Isthmian minister announced that J. Pierpont Morgan & Co. had accepted the appointment as financial agents in the United States of the Panama republic and that \$300,000 had been placed to the credit of the Panama government.

CALL ON JUNTA MEMBERS.

Rear Admiral Walker and Consul General Gudger at Panama.

Panama, Nov. 17.—Rear Admiral Walker and Consul General Gudger, who is in Panama to direct the relations of the United States with the de facto government, called at the palace Monday afternoon and in the name of the United States government paid their respects to the members of the junta. Rear Admiral Walker presented a letter from President Roosevelt and there were mutual exchanges of good wishes. Otherwise the visit was informal.

The visit of Rear Admiral Walker and Mr. Gudger has been construed by the junta and by the people of Panama as a formal official recognition of the new republic and has provoked many expressions of satisfaction and congratulations on the new order of things. It is said that Admiral Walker will report to President Roosevelt on the Isthmian situation and act in an advisory capacity to Mr. Gudger, who is well liked. Rear Admiral Walker returned to Colon in the afternoon.

The junta Monday appointed a commission composed of Senors Arias and Espinosa to proceed at once to Colon to confer on board the United States steamer Mayflower with the Colombians who arrived Sunday night on what is understood to be a peace mission. The peace commissioners are from the Department of Bolivar, but it is not yet known whether they are authorized to represent the Bogota government or whether they come on behalf of the Department of Bolivar to recognize the new republic.

If the commissioners represent the Bogota government and are properly empowered and recognize the republic of Panama, the matter of remuneration to Colombia for the loss of the Isthmus may be broached. The Panama commissioners, however, are fully determined to do nothing that may in any way weaken the position of the young republic or endanger the independence of the Isthmus.

Awakens From Long Sleep.
Berlin, Nov. 17.—Senor Moer, who had lain since Dec. 27, 1888, in a trance-like sleep, awoke Sunday in the village of Grambke, near Bremen, during the clanging of fire bells.

MAKES A FAIR START.

House Adopts Rule Under Which It Will Vote on Cuban Treaty.

Washington, Nov. 17.—The house Monday made a fair start on the legislation for which it was convened in special session, adopting a rule under which a vote will be taken at 4 o'clock Thursday afternoon on the bill to make the Cuban reciprocity treaty effective and entering on debate of the Cuban bill. The rule was adopted by a party vote with the exception that six Republican members from Michigan and California joined the minority in opposition to the rule. The Democrats opposed the rule on the ground that it was drastic and prevented a vote being taken on any amendment to the bill, while the six Republican votes cast against it included opposition to the measure as antagonistic to beet sugar interests.

The short debate which preceded adoption of the rule was followed by several speeches on the merits of the measure. Mr. Payne opened the debate in a speech whose keynote was that the measure would not affect injuriously sugar, tobacco or any other interests, and was demanded by national honor and good faith. For the minority representatives, Williams of Mississippi, Swanson of Virginia and Robinson of Indiana made speeches criticizing the Republicans for their tariff policy and the excessive taxation of the public.

Mr. Swanson predicted danger to our foreign commerce from higher foreign tariffs unless we initiate tariff reform and declared the tariff question again would become a burning political issue.

Representative Cooper of Wisconsin introduced a bill providing for a delegate in the house of representatives from Porto Rico.

Representative Gaines (Tenn.) introduced a resolution proposing an amendment to the constitution providing for the election of a president for a term of six years, no person having held the office being eligible for a second term.

Representative Crumpacker (Ind.) introduced a bill making it a crime punishable by death to participate in the lynching of an alien.

DEMOCRATIC SENATORS CAUCUS.

Unable to Agree on Canal Legislation Programme.

Washington, Nov. 17.—Democratic members of the senate caucused Monday from 10:30 until 5 o'clock, but were unable to get together on a programme as to canal legislation. Four distinct propositions were submitted in the way of resolutions, and many other suggestions were made informally, but no agreement could be reached and the caucus adjourned to meet again on call of Senator Gorman, the chairman. Several senators on leaving the caucus bitterly complained of the lack of harmony which prevailed and compared the Democratic position with the attitude of the Republicans, who, they said, with twice as many representatives, have hardly a straggler, while scarcely two Democrats were of the same opinion.

Senator Gorman said of the caucus: "It was our first pow-wow in which we talked and we will do our thinking afterward."

The resolution which was discussed at great length was offered by Senator Carmack of Tennessee. It declared the sentiment of the Democrats to be that the present canal law should be put into operation by the president. The resolution declared that under the Spooner act the president should proceed to the building of the canal on the Nicaragua and Costa Rica route.

Censure of the president for his alleged assistance of the Panama revolt, but pledging support if a canal treaty were negotiated with the new republic was the purport of the resolution offered by Senator Bacon as a substitute for the Carmack plan. This met with immediate rejection.

It is said that the minority party in all probability will meet the question of canal legislation without organization of any kind and will act according to its individual opinions.

IN EXECUTIVE SESSION.

Several Nominations Confirmed by the Senate.

Washington, Nov. 17.—The senate in executive session confirmed the following nominations:

John Barrett, Oregon, minister plenipotentiary to Argentine republic; John R. Jackson, New Jersey, minister plenipotentiary to Greece, Roumania and Serbia, and diplomatic agent in Bulgaria; Stanford Newel, Minnesota, minister plenipotentiary to the Netherlands and Luxemburg; Hamilton King, Michigan, minister plenipotentiary to Spain; H. F. Greene, Minnesota, civil service commissioner; H. M. Claiborn, Maryland, chief justice supreme court, District of Columbia; J. C. Pritchard, North Carolina, associate justice supreme court, District of Columbia; S. N. Dexter North, Massachusetts, director of the census; P. S. Oliver, New York, assistant secretary of war.

To be Lieutenant general: Major General Samuel B. M. Young.

Senator Quay introduced separate bills for the admission of New Mexico and Arizona as states. Among the other bills introduced were the following: By McCumber (N. D.), permitting the use of the entire proceeds of public land sales for irrigation systems. By Mr. Quarles (Wis.), to repeal the desert land law, the timber and stone act and the commutation clause of the homestead act.

RIOTING IN CHICAGO

POLICE EXPERIENCE DIFFICULTY IN KEEPING THE STREET CARS IN OPERATION.

ARBITRATE WAGE QUESTION

BUT THE COMPANY WILL IGNORE DEMANDS OF THE MEN FOR UNION RECOGNITION.

Chicago, Nov. 17.—Encouraged by the successful operation of a regular service on the Wentworth avenue line Monday, the management of the Chicago City Railway announced at night that an effort would be made today to resume traffic on the Cottage Grove avenue cable line. The intention is to start ten trains early in the morning and, unless too much opposition is met with the service will be gradually extended later in the day. Five hundred policemen will be added today to the number already detailed to guard the property of the company. This additional force will be assigned to the Cottage Grove avenue line and the cars will be run under the same protection as those on Wentworth avenue. Screens have been provided for the grip cars to shield the gripmen. The trains will be run at a high rate of speed in an effort to prevent crowds from blocking the tracks.

Although considerable interference marked the operation of the Wentworth avenue line Monday, still a five-minute service was maintained throughout the day and an attempt will be made today to install a closer schedule.

Riots were frequent all along the line, but the police charged on the crowds with such quickness and force that only one troublesome blockade was met with. When the last of the twenty-five cars that had been in the service reached the barn at 4:00 o'clock p. m. it was decided to suspend further traffic until morning.

The inquiry of the state board of arbitration, asking that the difficulty be submitted to arbitration, it was announced, would today be replied to by E. R. Bliss, counsel for the company. The communication, it is said, will agree to arbitration of the wage question only and will entirely ignore the demands of the men that the recognition of the union also be submitted to the board.

Police Charge on Rioters.

Late in the afternoon the police guarding the Wentworth avenue cars were forced to charge a mob in Clark street near Taylor street. Many persons were clubbed and a few policemen were bruised by stones. A teamster drove on the track and refused to move. A crowd gathered and cheered the teamster. The police tried to drag the driver from his seat. The crowd grew ugly, and, forming in line, the police swung their clubs right and left. A number of arrests were made and, after considerable difficulty, the mob was dispersed and the car was moved.

Public inconvenience from the strike became greater last night than ever before. A heavy rain and a high wind drove many who heretofore had walked home to seek transportation on the already overburdened trains of the Illinois Central and the South Side elevated lines.

A lively fight took place just outside the barns at Seventy-ninth and State streets at night. A wagon, carrying provisions to employees living in the car barn, was stopped by strikers, who attempted to prevent the driver from approaching the barn. A crowd of men had surrounded the wagon and things were becoming unpleasant for the driver, when the barn doors were flung open and a crowd of nonunion men, headed by Frank Curry, who has gained notoriety because of the nerve he has shown in running cars through the rioters, came running out. The mob around the wagon was at once charged by Curry and his men and quickly put to flight. Many stones were thrown and a number of revolvers were displayed, but no shots were fired. Several men sustained bruises and there were a few swollen heads, but the fight did not last long enough for the police to make any arrests.

MADE A RICH HAUL.

Two Bandits Rob a Railway Train in South Africa.

Pretoria, South Africa, Nov. 17.—Two men during the day boarded a railway train as it was ascending a steep grade between Pietersburg and Nylostroom, overpowered the guard, looted the treasure car and escaped. The robbers, it is reported, secured \$50,000, which was consigned to the Standard bank at Pretoria.

Venezuelan Court Adjourns.

The Hague, Nov. 17.—The Venezuelan arbitration tribunal adjourned during the day since the arguments having been concluded. The court will now consider its decision and will notify those interested of the date of its delivery.

WHY EXPERIMENT LONGER ?

We Have the Only Known Cure in the World for

RHEUMATISM

Your rheumatism is just like all others, and for the same reason that they are not cured, you are not cured. There is only one known cure for rheumatism in the world, and that is MEDERINE. Everything else is simply "recommended." We have thousands of testimonials on file from people who were cured by MEDERINE after paying enough for other "cures" to buy a farm. Every bottle sold bears our absolute guarantee to cure. RHEUMATISM is caused by uric acid in the blood, which stiffens, enlarges and locks the joints and often renders you a cripple for life.

It Drives Out Rheumatism.
Col. C. D. Whittle, Tourist Promoter, St. Louis, Mo., writes: "You are the only remedy that kills Rheumatism in the system. One course of treatment cured me. I am now taking another treatment for my blood. It is the best medicine I ever used for these troubles. Thousands of Testimonials on file from thankful patients in all parts of the world testifying to the curative qualities of MEDERINE."

A Dockman's Testimony.
A. G. Newberg, E. M. Ry., Dock Pres. Supt. Frs. Hnd. Amn. West Superior, Wis., says: "I take pleasure in stating that after taking MEDERINE treatment that my rheumatism is absolutely cured, after years of suffering. My occupation is in the docks, which means hard work and wet clothes. As a result I contracted rheumatism in my hips, which necessitated laying off from work. Thanks to MEDERINE, I am cured and in the full vigor and health of manhood."

Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

PRICE, \$1 PER BOTTLE. Send no money if you are not cured. MEDERINE in stock 6 BOTTLES FOR \$5.

MEDERINE OINTMENT (The new treatment for Rheumatism, Gout, Gravel, Old and Racking Sores, Burns and Ulcers. 50c per box.) **MEDERINE SOAP** (The toilet, bath and nursery soap. It cleans the skin, a complexion cleanser. A perfect cure for Dandruff and all scalp and skin diseases. Price 50c.)

The St. Cloud Times says the republican party will soon be known as the do-nothing party. Not while the democratic party remains an organization. It has held the title for forty years.

Not over a dozen deaths have thus far been reported from the woods since the deer season opened. If this record is maintained deer hunting will not be much more dangerous than war or foot ball.

The people of this city should assist the people of Aitkin in their effort to induce the N. P. railroad to make tickets to St. Paul from that place good via Carlton over the St. Paul & Duluth, and should ask for the same privilege for Brainerd. It would be possible then for one to transact business in St. Paul until 2:30 in the afternoon, and get home on No. 14 at 11:55 p. m., giving one a good night's rest, instead of being up all night making the trip by Staples.

SENATOR MCCARTHY, of Grand Rapids, who was a prominent candidate for the appointment of district judge in this district when the new position was created by the last legislature and Judge Spooner was appointed, has announced himself as favoring the re-election of Judge Spooner at the next election, according to the Grand Rapids Magnet. He is reported as saying that Judges McClenahan and Spooner are able jurists and should be re-elected.

LOCAL NEWS NOTES.

T. J. Tyler, roadmaster on the Superior division, left for the east this afternoon.

W. T. Blakeley came in from Minneapolis this afternoon and left for the north.

Frank Ady and George S. McCullough left this afternoon for Colorado on land business.

Walter Delemere left for his home in St. Paul this morning after a pleasant visit in the city.

Mrs. Cohen arrived in the city this afternoon from the twin cities for a visit with her parents.

Graham's orchestra left this noon for Park Rapids where they will play tonight for a big dance.

The big chimney for the depot is nearly finished and the new heating plant will soon be in operation.

Mrs. G. A. Merrill, of Minneapolis, arrived in the city this noon for a visit with Mrs. W. H. Gemmell.

Mrs. Lon Everett and little Abbie Batchelder returned today from Chicago where they have been visiting.

Mrs. Walter Davis returned this afternoon from Staples, where she visited for a few days with her daughter, Mrs. Cameron.

George R. Merritt, traveling freight agent for the Northern Pacific, passed through the city this noon en route to Duluth on business.

Major Scott and daughter returned from the east this afternoon, where they went with the remains of Mrs. Scott. They left for home on the M. & I. passenger.

P. H. Carney, who has been ailing for some time, has been taken to the N. P. Sanitarium. He and Mrs. Carney had expected leaving for the coast in a few days to spend the winter.

Miss Stone arrived at noon and will lecture and sing at the First Methodist church tonight. If you come out to hear her you will not be sorry. Free, except a collection will be taken.

At last night's review of Crow Wing tent five candidates were given the secret work. A resolution was unanimously adopted thanking the DAILY DISPATCH for its kindness in granting so much publicity to the social and fraternal features of the Maccabees.

A. V. Snyder is moving his stock of shoes from the Gruenhagen building to the Bane block today.

Eugene Merrill came up from Staples this morning for a visit with his wife, returning this afternoon on 5.

Mrs. I. T. Dean returned this afternoon from her old home in the east, where she has been on an extended visit.

A. Marks will move this week from his present location to the store room formerly occupied by McCarthy & Donahue.

Mrs. Adam Bardsley, who has been visiting in the city with friends, left this afternoon for her old home in Bradford, Pa.

Mrs. Whyte, of Calumet, Mich., who has been visiting in the city with friends, returned home this afternoon via Duluth.

Presiding Elder Clemens, of the Duluth district, passed through the city this afternoon en route south on official business.

O. Duclos, of Little Falls, passed through the city this afternoon en route home from Duluth, where he went on business.

Henry Feig, supervising inspector of country elevators, was in the city today. He was en route north on the M. & I. to inspect some elevators.

Landlord Inghram, of the Capitol hotel, Jamestown, N. D., is in the city this afternoon visiting with J. N. Nevers. He is just returning from a business trip to the Zenith city.

The Willing Helpers, of the First Swedish Baptist church, will give an auction sale at the church on the corner of Oak and 10th streets on Wednesday evening, Nov. 18th. Refreshments will be served and a pleasant evening will be spent. Admission for adults 25 cents, children 15 cents. All are cordially invited to attend.

W. E. Seelye received a telegram this morning from F. C. Bolin, who is spending some time at the gold mine of the Shakespeare Mining company, stating that the outlook is unusually bright, that everything is O. K. and advising the company to raise the price of the stock from 10 cents to 25 cents. William Wood and R. J. Hartley left for the mine this morning.

Professor Keppel, of the normal, entertained Saturday evening at an oyster supper for the members and substitutes of the normal school 1903 football team. There was some "spieling"—and other things not good to eat but he said the occasion was pleasure bearing. Prof. Keppel, as a teacher, is very popular with the members of his classes and as coach of the football eleven for the current season, he is, if possible, even more ingrafted in the hearts of his men. CITY FATHERS' TAME SESSION

Little of Importance in the Way of Business Transacted at This Meeting.

ASSESSMENT ROLLS RECEIVED

Matter of Price of Rock Used on Sixth Street Explained by City Engineer.

A meeting of the city council was held last night in chambers, but nothing outside of a routine character came up for consideration.

The following aldermen responded to the roll call: Hallady, Gardner, Purdy, Rowley, Larson and Gruenhagen. In the absence of President Crust and Vice President Johnson, Alderman Robertson was on motion made chairman.

The following financial report of City Clerk Low was received and filed.

	\$7460 42

The financial report of Treasurer H. W. Linneman from May 1, to Nov. 1, received. The report was on motion referred to the finance committee to check up and report at the next meeting.

Supt. Peterson, of the electric light plant, sent in a communication requesting that the city council purchase two new transformers to replace some in use that he considered too small. As the transformers might be needed at any moment the matter was referred to the purchasing committee with power to act.

A communication, or report, was received from City Engineer H. M. Woolman, called forth it is presumed, on account of some kicking that has been going on on the south side relative to the cost of rock used in the macadamizing of Sixth street. In view of the fact that some of the property owners are laboring under the impression that they paid more for rock on this street than property owners living on other streets where the city has macadamized, Engineer Woolman thought it no more than right, in justice to the city council to make some explanation. After reading his report there can be no doubt in the minds of those interested that the price paid for rock was virtually uniform throughout the city where macadamizing has been done, although on the face of the accountings it would not appear so. It will be recalled that there was some difference between the farmers selling rock and the city council as to the price in 1901 and 1902. Rock was purchased in the first place at \$3.75 per cord, allowing 12500 pounds to the cord. Later on the price per cord was raised to \$4, but the allowance per cord was also increased to 14000 pounds. The rock for Sixth Street was purchased under the last schedule, but as a mathematical conclusion it will be seen that the aggregate cost per cord under the two propositions is about the same and it is figured that it did not make \$5 difference on the entire street, but those on this street who were interested evidently took into consideration the price paid for the rock, being ignorant of the increase in the weight per cord. The report of Engineer Woolman was on motion placed on file.

City Engineer Woolman submitted the second estimate of the work done on the sewer by Contractor Judd Wright. The estimate amounted to \$2,615.31. (A motion duly carried the estimate was approved and the city clerk was instructed to draw an order for the amount.)

At this point Alderman Robertson took occasion to delve into the question of sewers a little, taking the liberty of "speaking right out in meeting" regarding what he thought was essential in building a sewer. He had, according to his statement, preambled about the "sewers where the sewer is being put a and he thought that things were not being done right. Engineer Woolman, who has supervision of the work, thought that the specifications were being conformed with and the matter was dropped.

Contractor LeBlanc was up on the carpet last night, the particular bone of contention being the small strip of cement walk put down on Kingwood, north of the First Baptist church. It turned out that the street committee was not satisfied with the work done. Again Engineer Woolman was called in and asked what he knew about the matter. He stated that the inspector was not on the work the day this walk was laid down, but after this he took occasion to see that the inspector was always on duty. The matter was finally left in the hands of the street committee and the city engineer with the power to act. Alderman Rowley, of the purchasing

committee, reported that the contract had been let and work commenced on making the repairs on the old band stand in the N. P. park. He asked for further time to report on the question of heat in the council chambers.

Alderman Robertson evidently is getting tired of waiting for the report of the police committee on the Ideal saloon matter referred to the committee some six weeks ago. The sturdy little alderman wanted to know when the committee was supposed to make its report, in the year 1903 or 1904. No action was taken in the matter as the chairman of the committee was not present at the meeting.

Delinquent electric light consumers were respectfully introduced to the members of the council in a report made by City Clerk Low. The list was a very creditable one, considering the large number of consumers in the city, there being not over two dozen reported delinquent, and in most cases there were some good excuses offered. It was finally decided to accommodate the shop men, to take the readings after date on or before the twentieth of each month, the last day of grace for paying the rental being the first day of the month following the twentieth. The matter of delinquent consumers and the best plan to pursue in collecting the rentals was discussed at length.

The application of Adam A. Armstrong for a liquor license was received. The bond was approved and the license was granted. The same action was taken in reference to the application of Iver Holden.

The assessment rolls for sewers, cement sidewalks and macadamizing the streets were offered by City Engineer Woolman last night. The report was adopted as read.

City Clerk Low read a report from the city engineer on the macadamizing of Front, the report which the Northern Pacific asked before paying the \$1,000 subscribed toward making the improvement on this street. The report approved the work on the street. The same was on motion accepted.

MUSIC AND DRAMA.

WEST MINSTRELS.

In catering to the amusement and entertainment of the theatre-going public, an up-to-date manager has ever to be on the alert to provide to his prospective patrons a class of entertainment that will meet their demands and satisfy their fancies. Amusement seekers demand as much variety and change in that which is furnished them for their recreation as they do in that which is furnished them at the dinner table. They want, in both cases, the most for their money in quantity, quality and variety. And the service must be of the best.

Perhaps the facts, as above set forth, are no better realized by any theatrical manager in America than by Mr. Sanford B. Ricaby, who has been for some time associated with the management of the world famous West minstrels.

Mr. Ricaby's efforts in furnishing lovers of genuine minstrelsy with a varied programme of intrinsic merit, both as to the excellent quality of the special features presented and the undoubted talent of the artists presenting them, has been so successful in the past that his reputation in that respect is so universal as to be a positive guarantee of any minstrel offering that his name may be connected with. This season Mr. Ricaby presents an organization of minstrel talent that the combination of money, brains, experience, energy and faith justifies him in the decided declaration that in witnessing the performance of the West minstrels (forty of the best) that lovers of clean and artistic minstrelsy will unanimously admit it to be the "best ever."

They come to the Brainerd theatre next Monday, Nov. 23. Watch for the great parade at 11:45 a. m.

THE REIDELBERGER STRING QUARTETTE.

CITY FATHERS' TAME SESSION

Little of Importance in the Way of Business Transacted at This Meeting.

ASSESSMENT ROLLS RECEIVED

Matter of Price of Rock Used on Sixth Street Explained by City Engineer.

A meeting of the city council was held last night in chambers, but nothing outside of a routine character came up for consideration.

The following aldermen responded to the roll call: Hallady, Gardner, Purdy, Rowley, Larson and Gruenhagen. In the absence of President Crust and Vice President Johnson, Alderman Robertson was on motion made chairman.

The following financial report of City Clerk Low was received and filed.

RECEIPTS.	
Electric light coll.	\$2634 57
Municipal court fines	352 25
N. P. Ry. Co. (acc't sewer)	152 50
Licenses	2038 50
Standard Oil Co. (empty bbls.)	4 30
	\$5181 12

DISBURSEMENTS.	
City expenses	\$879 00
Fire protection	202 59
Streets, sidewalks and bridges	1956 06
Electric light	1355 57
Printing	67 20
	\$7460 42

The financial report of Treasurer H. W. Linneman from May 1, to Nov. 1, received. The report was on motion referred to the finance committee to check up and report at the next meeting.

Supt. Peterson, of the electric light plant, sent in a communication requesting that the city council purchase two new transformers to replace some in use that he considered too small. As the transformers might be needed at any moment the matter was referred to the purchasing committee with power to act.

A communication, or report, was received from City Engineer H. M. Woolman, called forth it is presumed, on account of some kicking that has been going on on the south side relative to the cost of rock used in the macadamizing of Sixth street. In view of the fact that some of the property owners are laboring under the impression that they paid more for rock on this street than property owners living on other streets where the city has macadamized, Engineer Woolman thought it no more than right, in justice to the city council to make some explanation. After reading his report there can be no doubt in the minds of those interested that the price paid for rock was virtually uniform throughout the city where macadamizing has been done, although on the face of the accountings it would not appear so. It will be recalled that there was some differences between the farmers selling rock and the city council as to the price in 1901 and 1902. Rock was purchased in the first place at \$3.75 per cord, allowing 12500 pounds to the cord. Later on the price per cord was raised to \$4, but the allowance per cord was also increased to 14000 pounds. The rock for Sixth Street was purchased under the last schedule, but as a mathematical conclusion it will be seen that the aggregate cost per cord under the two propositions is about the same and it is figured that it did not make \$5 difference on the entire street, but those on this street who were interested evidently took into consideration the price paid for the rock, being ignorant of the increase in the weight per cord. The report of Engineer Woolman was on motion placed on file.

City Engineer Woolman submitted the second estimate of the work done on the general sewer by Contractor Judd Wright. The estimate amounted to \$2,615.31. A motion duly carried the estimate was approved and the city clerk was instructed to draw an order for the amount.

At this point Alderman Robertson took occasion to delve into the question of sewers a little, taking the liberty of "speaking right out in meeting" regarding what he thought was essential in building a sewer. He had, according to his statement, preambled about the premises where the sewer is being put and he thought that things were not being done right. Engineer Woolman, who has supervision of the work, thought that the specifications were being conformed with and the matter was dropped.

Contractor LeBlanc was up on the carpet last night, the particular bone of contention being the small strip of cement walk put down on Kingwood, north of the First Baptist church. FOR MISSIONARY WORK.

Methodist Committee Appropriates
More Than a Million Dollars.

Omaha, Nov. 17.—The general missionary committee of the Methodist Episcopal church, which has been in conference for a week, Monday closed its business, after appropriating sums for the foreign and home work aggregating over \$1,500,000. When all the appropriations were made it was found that the amount available had been over-appropriated \$35,000. That amount was voted out of the incidental and contingent funds to supply the deficiency, these funds later to be reimbursed from last year's balance of \$41,000.

Boston was chosen as the place for holding the conference next year. Bishop Stephen Merrill said that the report that he would shortly resign from his position was without foundation.

The following appropriations were made: For Bohemia and Hungarian work, \$13,200, of which \$1,200 goes to Upper Iowa; for Italian work, \$12,450; Portuguese, \$1,500; Finnish, \$3,700, of which \$600 goes to Minnesota; for foreigners in Central Pennsylvania, \$2,500; for work among American Indians, \$9,910, of which Michigan receives \$500, North Montana \$1,000, Northern Minnesota \$600 and Wisconsin \$500.

ALLEGATIONS OF FRAUD.

Against Agents of Vanderbilt and Oelrichs Interests in Fair Estate.

New York, Nov. 17.—Frauds and misrepresentation on the part of the agents of the Vanderbilt and Oelrichs interests in the estate of the late Charles L. Fair is charged by Mrs. Hannah F. Nelson, mother of the late Mrs. Fair, in a deposition to be filed today in the supreme court by Bela D. Elser, special commissioner appointed by Justice Barrett to take testimony of witnesses connected in any way with the automobile accident by which Mr. and Mrs. Fair lost their lives near Paris. Commissioner Elser will sail today for Paris to take the testimony of ten witnesses.

Mrs. Nelson testified that after her husband's death she was induced to go to San Francisco, where the agents of Mrs. Herman Oelrichs and Mrs. W. K. Vanderbilt, Jr., induced her to relinquish her claim to the \$8,000,000 estate by alleging fraudulently that they had cablegrams showing that Mrs. Fair died instantly and her husband survived her, which, if true, would destroy Mrs. Nelson's right to the estate. As a result she says she accepted \$125,000 to sign over agreements relinquishing her rights.

Washington, Nov. 17.—President Roosevelt and Secretary Hay Monday night made addresses at the centennial anniversary of the New York Presbyterian church. Secretaries Shaw, Moody, Hitchcock and Cortelyou, Attorney General Knox, the greater number of the justices of the supreme court of the United States and Senator Erve were present. The president and Secretary Hay occupied the Lincoln pew and both had something to say of the martyred president. Secretary Hay's brief address before confined exclusively to that topic. Justice Harlan of the supreme court presided.

CASHIER COMMITS SUICIDE.

Kills Himself After Learning of Bank President's Death.

Charleston, S. C., Nov. 17.—E. C. Zemp, cashier of the Farmers and Merchants' bank of Camden, Monday night committed suicide a few hours after he learned of the accidental death of Colonel E. M. Boykin, president of the bank. Colonel Boykin went out hunting and later was found dead, a bullet in his head and a rifle in his hand.

If there is any shortage in the bank's accounts it is not known to the public, but a meeting of the directors will be held today and a thorough investigation will follow.

Two North Carolina Men Indicted by a Grand Jury.

Asheville, N. C., Nov. 17.—Daniel C. Champlain, formerly mayor of Biltmore, and cashier of the Biltmore estate, and George R. Tennent, heretofore timekeeper for the estate, Monday were indicted by a grand jury for embezzlement of office funds from George W. Vanderbilt. The amount, it is alleged, is \$11,000. The money, it is said, was secured by padding payrolls.

Both men have left the state and their whereabouts are unknown.

INDICTMENTS QUASHED.

Federal Court of Porto Rico Settles Smuggling Cases.

San Juan, P. R., Nov. 17.—The federal court Monday quashed the indictments for smuggling in the cases of Alonzo Crusen, the collector of customs, Captain Andrew Dunlap, U. S. N., commandant of the naval station here, and Robert Giles, a former contractor in Porto Rico, on the ground that the fines had been paid and the offenses expiated. It is believed this action forever settles the cases.

REFUSED TO LIVE WITH HIM.

Sioux City Man Wounds Wife and Kills Himself.

Sioux City, Ia., Nov. 17.—Because his young wife refused to live with him James Dunn, a saloonkeeper, shot her and then turned the gun on himself, dying instantly. The wife is in a critical condition at St. Joseph's hospital. Dunn had prevailed upon his wife to meet him in the hope that he could induce her to return to him. They had been married only a year.

Striker Kills an Officer.

Trinidad, Colo., Nov. 17.—Deputy Sheriff John Himan was shot at Black Diamond, a Victor Fuel company camp, by a striker named Gondolf, and died of his injuries in the afternoon. Gondolf shot the officer when threatened with arrest.

DIETRICH IS INDICTED

OMAHA GRAND JURY RETURNS TRUE BILLS AGAINST UNITED STATES SENATOR.

CHARGED WITH CONSPIRACY

ACCUSED OF HAVING RECEIVED MONEY FOR RECOMMENDING AN APPOINTMENT.

RESULT OF POLITICAL FIGHT

EDITOR ROSEWATER SAYS THAT SENATOR DIETRICH HAS A GOOD DEFENSE.

Omaha, Nov. 17.—The federal grand jury Monday evening returned true bills against United States Senator Charles H. Dietrich and Postmaster Jacob Fisher of Hastings, Neb., charging them with conspiracy and bribery, in connection with the appointment of Fisher to the position of postmaster. The indictments were brought into the United States district court at 6 o'clock. Judge Munger presiding, and were placed on file. The court merely accepted the report of the grand jury, making no remarks on its contents beyond making an order to the clerk for filing the bills.

The indictment against Senator Dietrich charges that he accepted money and property in consideration of his recommending Fisher for appointment as postmaster at Hastings. The bill against Postmaster Fisher charges him with making an agreement with Senator Dietrich by which Fisher was to pay in property and money \$1,200 for securing to Fisher the appointment. Evidence was presented to the grand jury to show that Fisher had bought postoffice fixtures from the Grand Army post at Hastings of the value of \$500 and later turned the property over to Senator Dietrich, to whose building it was removed, and to whom was paid a rental by the government. In addition to turning over this property, it is charged that Fisher paid to the senator \$800 in cash.

Monday night it was said that the grand jury had been investigating the Hastings postoffice case for nearly three weeks and that a number of witnesses were present from Hastings and other points in Nebraska. Senator Dietrich is in Washington and there was no attorney or other person in Omaha authorized to make a statement for him. All the witnesses in the case have left for home. Acted as intermediary.

The last witness called before the grand jury was William Dutton, a hardware merchant of Hastings, who gave his testimony Monday. According to Dutton's testimony, Dutton acted as intermediary in all the alleged transactions between the indicted men. After hearing Dutton's evidence, the grand jury excused the remaining witnesses who had not testified and at once prepared its report to Judge Munger.

Word was sent to the court that it had a report to make, and Judge Munger advised Foreman Frank E. White that he would hear it at once. The grand jury thereupon went to the courtroom and the indictments, three each against Senator Dietrich and Postmaster Fisher, were then read and the court merely ordered them turned over to the clerk for filing, and the jury was excused.

The jury is composed of twenty members, nineteen of whom are said to have voted for the indictment and one against. The jurors came from all parts of the state, no two of them being a resident of the same town. Senator Dietrich was elected by the legislature of 1900 to succeed Senator Allen. His term expires on March 3, 1905.

Postmaster Fisher was formerly mayor of Hastings and has been in Republican politics in Nebraska for several years. Mr. Fisher issued a statement saying the indictments were on trumped up charges and the result of political differences.

Four other cases, said to be of a similar nature, are under investigation by a grand jury and a report on all or part of them is expected soon. All are cases in which postoffices and postmasters are concerned.

DEFENDS SENATOR DIETRICH.

Editor Rosewater Says Indictments Resulted From Political Quarrel.

Washington, Nov. 17.—Senator Dietrich and Editor Rosewater of the Omaha Bee have arrived in Washington and all inquiries as to the indictment of the senator were referred to Mr. Rosewater, who declared that the indictments were the result of a political quarrel. Mr. Rosewater asserted that Senator Dietrich had a good defense, and added that he and the senator had come to Washington at this time to bring about the removal of District Attorney Sommers. He said they already had been at the White House on this mission. Mr. Rosewater declared that District Attorney Sommers had pushed the charges against Senator Dietrich for the reason that they were politically antagonistic.

Suspect Placed Under Arrest.

Sioux Falls, S. D., Nov. 17.—A man giving the name of Jack Dinnan was arrested Monday on suspicion of robbing and fatally injuring a man at Breckenridge, Minn. The man was hit on the head with a bottle and thrown from a bridge. Dinnan is said to have admitted that he had trouble in Minnesota, the result of hitting a man on the head with a bottle.

ENLIVENED BY DEBATES.

Session of American Federation of Labor Convention at Boston.

Boston, Nov. 17.—Two spirited debates enlivened what would otherwise have been a dull session at the convention of the American Federation of Labor at Faneuil Hall Monday. The first was on the question of whether the federation should grant a charter to the insurance agents of the country, and after a somewhat acrimonious discussion the matter was referred to the executive council.

This was regarded by the delegates as a defeat of the plan to organize and charter insurance agents. The second debate was upon the subject of industrial depression. It was called forth by the report of the committee on the president's report, endorsing the statement of President Gompers that a period of industrial depression was coming. Several delegates expressed their opinion that no depression was probable but the Socialist delegates insisted that the president's forecast was true. They urged as a possible preventive not only organization on trades union lines, but also the formation of a political organization by labor workers. Fifty or more resolutions were disposed of during the day, many calling for the appointment of organizers for Western and Southern states being referred to the executive council with power to act.

ISSUES A REQUISITION.

Governor Dockery Wants William Zeisler Returned to Missouri.

Jefferson City, Mo., Nov. 17.—Governor Dockery Monday night issued a requisition on Governor Odell of New York for the return of William Zeisler, the baking powder magnate, to Jefferson City to answer to the indictment found against him by the Cole county grand jury Saturday on the charge of attempted bribery in connection with the alum bill legislation in 1901.

SUN-UVARILLA RECEIVED.

Panama Minister Presented to President Roosevelt.

Washington, Nov. 1.—President Roosevelt during the day formally received M. Philippe Bunau-Varilla, the newly accredited envoy extraordinary and minister plenipotentiary of Panama to the United States.

The reception of the minister marked the birth of the new republic of Panama into the family of nations and paves the way for negotiations between the United States and the infant republic precisely as they may be conducted between any two sovereign nations.

The ceremony incident to the reception of Minister Bunau-Varilla and the presentation of his credentials occurred in the blue room of the White House at 9:30 o'clock a. m.

Secretary Hay formally presented M. Bunau-Varilla to President Roosevelt. Minister Bunau-Varilla, in presenting his credentials, delivered a brief address, to which the president fittingly responded.

WILL VOTE NEXT THURSDAY.

Cuban Bill to Be Quickly Disposed of by the House.

Washington, Nov. 1.—The house committee on ways and means has authorized a favorable report on the bill making effective the Cuban reciprocity treaty by a vote of 13 to 2.

Two amendments were offered in committee but both were rejected by the Republican vote. One offered by Mr. Cooper extended the provisions of the treaty to all other countries. The other, offered by Mr. Williams, abolished the differential duty on refined sugar.

The meeting of the committee occupied an hour and in the discussion as to the length of time required for consideration in the house it developed that a rule will likely be reported from the committee on rules requiring a vote, without opportunity for amendment, at 4 o'clock Thursday next.

ANGLO-AMERICAN TREATY.

Efforts Being Made to Revive Arbitration Agreement.

Washington, Nov. 1.—An effort is being made to revive the Anglo-American international arbitration treaty, which failed in the senate in 1897 by four votes. Hon. Thomas Barclay of London is here, assisted by Professor Charles Cheney Hyde of Northwestern university, Evanston, Ill., suggesting to American statesmen the advisability of reviving the treaty now that the Alaskan boundary dispute is settled once for all.

They have had encouraging interviews with Chairman Cullom of the senate committee on foreign relations and with other leading senators. Mr. Barclay had much to do with the adoption of the Anglo-French arbitration treaty, and he is hopeful of securing results in this country.

COAL STRIKE SETTLED.

Northern Colorado Operators Grant an Eight-Hour Day.

Louisville, Colo., Nov. 1.—As a result of the concession of an eight-hour day by the operators all of the striking miners in the northern coal fields will return to work Monday morning. This was practically decided at a conference here during the afternoon between the operators and a committee representing all of the unions in the district.

The operators agreed to grant an eight-hour day pending the settlement of the strike in the southern coal fields on the condition that if the strike terminated without the granting of an eight-hour day by the southern operators the men should be put back to work on a nine-hour basis in the northern coal fields. The committee of men received this proposition with favor and will submit it for a referendum vote, when it is believed it will be accepted by the unions. John F. Ream, a member of the national council of the United Mine Workers, said the men would agree to a 10 per cent reduction of wages if given an eight-hour day.

FOR MISSIONARY WORK.
Methodist Committee Appropriates
More Than a Million Dollars.

Omaha, Nov. 17.—The general mission committee of the Methodist Episcopal church, which has been in conference for a week, Monday closed its business, after appropriating sums for the foreign and home work aggregating over \$1,500,000. When all the appropriations were made, it was found that the amount available had been over-appropriated \$33,000. That amount was voted out of the incidental and contingent funds to supply the deficiency, these funds later to be reimbursed from last year's balance of \$41,000.

Boston was chosen as the place for holding the conference next year. Bishop Stephen Merrill said that the report that he would shortly resign from his position was without foundation.

The following appropriations were made: For Bohemia and Hungarian work, \$13,200, of which \$1,200 goes to Upper Iowa; for Italian work, \$12,450; Portuguese, \$1,500; Finnish, \$2,700, of which \$600 goes to Minnesota; for foreigners in Central Pennsylvania, \$2,500; for work among American Indians, \$9,910, of which Michigan receives \$500, North Montana \$1,000, Northern Minnesota \$600 and Wisconsin \$500.

ALLEGATIONS OF FRAUD.

Against Agents of Vanderbilt and Oelrichs Interests in Fair Estate.

New York, Nov. 17.—Frauds and misrepresentation on the part of the agents of the Vanderbilt and Oelrichs interests in the estate of the late Charles L. Fair is charged by Mrs. Hannah F. Nelson, mother of the late Mrs. Fair, in a deposition to be filed today in the supreme court by Bela D. Elser, special commissioner appointed by Justice Barrett to take testimony of witnesses connected in any way with the automobile accident by which Mr. and Mrs. Fair lost their lives near Paris. Commissioner Elser will call today for Paris to take the testimony of ten witnesses.

Mrs. Nelson testified that after her husband's death she was induced to go to San Francisco, where the agents of Mrs. Herman Oelrichs and Mrs. W. K. Vanderbilt, Jr., induced her to relinquish her claim to the \$8,000,000 estate by alleging fraudulently that they had cablegrams showing that Mrs. Fair died instantly and her husband survived her, which, if true, would destroy Mrs. Nelson's right to the estate. As a result she says she accepted \$125,000 to sign over agreements relinquishing her rights.

DIETRICH IS INDICTED

OMAHA GRAND JURY RETURNS

TRUE BILLS AGAINST UNITED STATES SENATOR.

CHARGED WITH CONSPIRACY

ACCUSED OF HAVING RECEIVED

MONEY FOR RECOMMENDING AN APPOINTMENT.

RESULT OF POLITICAL FIGHT

EDITOR ROSEWATER SAYS THAT

SENATOR DIETRICH HAS A GOOD DEFENSE.

Omaha, Nov. 17.—The federal grand jury Monday evening returned true bills against United States Senator Charles H. Dietrich and Postmaster Jacob Fisher of Hastings, Neb., charging them with conspiracy and bribery, in connection with the appointment of Fisher to the position of postmaster. The indictments were brought into the United States district court at 6 o'clock. Judge Munger presiding, and were placed on file. The court merely accepted the report of the grand jury, making no remarks on its contents beyond making an order to the clerk for filing the bills.

The indictment against Senator Dietrich charges that he accepted money and property in consideration of his recommending Fisher for appointment as postmaster at Hastings. The bill against Postmaster Fisher charges him with making an agreement with Senator Dietrich by which Fisher was to pay in property and money \$1,200 for securing to Fisher the appointment. Evidence was presented to the grand jury to show that Fisher had bought postoffice fixtures from the Grand Army post at Hastings of the value of \$500 and later turned the property over to Senator Dietrich, to whose building it was removed, and to whom was paid a rental by the government. In addition to turning over this property, it is charged that Fisher paid to the senator \$300 in cash.

Monday night it was said that the grand jury had been investigating the Hastings postoffice case for nearly three weeks and that a number of witnesses were present from Hastings and other points in Nebraska.

Senator Dietrich is in Washington and there was no attorney or other person in Omaha authorized to make a statement for him. All the witnesses in the case have left for home.

Acted as Intermediary.

The last witness called before the grand jury was William Dutton, a hardware merchant of Hastings, who gave his testimony Monday. According to Dutton's testimony, Dutton acted as intermediary in all the alleged transactions between the indicted men. After hearing Dutton's evidence, the grand jury excused the remaining witnesses who had not testified and at once prepared its report to Judge Munger.

Word was sent to the court that it had a report to make, and Judge Munger advised Foreman Frank E. White that he would hear it at once. The grand jury thereupon went to the courtroom and the indictments, three each against Senator Dietrich and Postmaster Fisher, were then read and the court merely ordered them turned over to the clerk for filing, and the jury was excused.

The jury is composed of twenty members, nineteen of whom are said to have voted for the indictment and one against. The jurymen came from all parts of the state, no two of them being a resident of the same town.

Senator Dietrich was elected by the legislature of 1900 to succeed Senator Allen. His term expires on March 3, 1905.

Postmaster Fisher was formerly mayor of Hastings and has been in Republican politics in Nebraska for several years. Mr. Fisher issued a statement saying the indictments were on trumped up charges and the result of political differences.

Four other cases, said to be of a similar nature, are under investigation by a grand jury and a report on all or part of them is expected soon. All are cases in which postoffices and postmasters are concerned.

DEFENDS SENATOR DIETRICH.

Editor Rosewater Says Indictments Resulted From Political Quarrel.

Washington, Nov. 17.—Senator Dietrich and Editor Rosewater of the Omaha Bee have arrived in Washington and all inquiries as to the indictment of the senator were referred to Mr. Rosewater, who declared that the indictments were the result of a political quarrel. Mr. Rosewater asserted that Senator Dietrich had a good defense, and added that he and the senator had come to Washington at this time to bring about the removal of District Attorney Sommers. He said they already had been at the White House on this mission. Mr. Rosewater declared that District Attorney Sommers had pushed the charges against Senator Dietrich for the reason that they were politically antagonistic.

Suspect Placed Under Arrest.

Sioux Falls, S. D., Nov. 17.—A man giving the name of Jack Dinnan was arrested Monday on suspicion of robbing and fatally injuring a man at Breckenridge, Minn. The man was hit on the head with a bottle and thrown from a bridge. Dinnan is said to have admitted that he had trouble in Minnesota, the result of hitting a man on the head with a bottle.

ENLIVENED BY DEBATES.
Session of American Federation of Labor Convention at Boston.

Boston, Nov. 17.—Two spirited debates enlivened what would otherwise have been a dull session at the convention of the American Federation of Labor at Faneuil Hall Monday. The first was on the question of whether the federation should grant a charter to the insurance agents of the country, and after a somewhat acrimonious discussion the matter was referred to the executive council.

This was regarded by the delegates as a defeat of the plan to organize and charter insurance agents. The second debate was upon the subject of industrial depression. It was called forth by the report of the committee on the president's report, endorsing the statement of President Gompers that a period of industrial depression was coming. Several delegates expressed their opinion that no depression was probable but the Socialist delegates insisted that the president's forecast was true. They urged as a possible preventive not only organization on trades union lines, but also the formation of a political organization by labor workers. Fifty or more resolutions were disposed of during the day, many calling for the appointment of organizers for Western and Southern states being referred to the executive council with power to act.

ISSUES A REQUISITION.

Governor Dockery Wants William Zeisler Returned to Missouri.

Jefferson City, Mo., Nov. 17.—Governor Dockery Monday night issued a requisition on Governor Odell of New York for the return of William Zeisler, the baking powder magnate, to Jefferson City to answer to the indictment found against him by the Cole county grand jury Saturday on the charge of attempted bribery in connection with the alum bill legislation in 1901.

SUN JAVARILLA RECEIVED.

Panama Minister Presented to President Roosevelt.

Washington, Nov. 1.—President Roosevelt during the day formally received M. Philippe Bunau-Varilla, the newly accredited envoy extraordinary and minister plenipotentiary of Panama to the United States.

The reception of the minister marked the birth of the new republic of Panama into the family of nations and paves the way for negotiations between the United States and the infant republic precisely as they may be conducted between any two sovereign nations.

The ceremony incident to the reception of Minister Bunau-Varilla and the presentation of his credentials occurred in the blue room of the White House at 9:30 o'clock a. m.

Secretary Hay formally presented M. Bunau-Varilla to President Roosevelt. Minister Bunau-Varilla, in presenting his credentials, delivered a brief address, to which the president fittingly responded.

WILL VOTE NEXT THURSDAY.

Cuban Bill to Be Quickly Disposed of by the House.

Washington, Nov. 1.—The house committee on ways and means has authorized a favorable report on the bill making effective the Cuban reciprocity treaty by a vote of 14 to 2.

Two amendments were offered in committee but both were rejected by the Republican vote. One offered by Mr. Cooper extended the provisions of the treaty to all other countries. The other, offered by Mr. Williams, the minority floor leader, abolished the differential duty on refined sugar.

The meeting of the committee occupied an hour and in the discussion as to the length of time required for consideration in the house it developed that a rule will likely be reported from the committee, or rules requiring a vote, without opportunity for amendment, at 4 o'clock Thursday next.

ANGLO-AMERICAN TREATY.

Efforts Being Made to Revive Arbitration Agreement.

Washington, Nov. 1.—An effort is being made to revive the Anglo-American international arbitration treaty, which failed in the senate in 1897 by four votes. Hon. Thomas Barclay of London is here, assisted by Professor Charles Cheney Hyde of Northwestern university, Evanston, Ill., suggesting to American statesmen the advisability of reviving the treaty now that the Alaskan boundary dispute is settled once for all.

They have had encouraging interviews with Chairman Cullom of the senate committee on foreign relations and with other leading senators. Mr. Barclay had much to do with the adoption of the Anglo-French arbitration treaty, and he is hopeful of securing results in this country.

COAL STRIKE SETTLED.

Northern Colorado Operators Grant an Eight-Hour Day.

Louisville, Colo., Nov. 1.—As a result of the concession of an eight-hour day by the operators all of the striking miners in the northern coal fields will return to work Monday morning. This was practically decided at a conference here during the afternoon between the operators and a committee representing all of the unions in the district.

The operators agreed to grant an eight-hour day pending the settlement of the strike in the southern coal fields on the condition that if the strike terminated without the granting of an eight-hour day by the southern operators the men should be put back to work on a nine-hour basis in the northern coal fields. The committee of men received this proposition with favor and will submit it to a referendum vote, when it is believed it will be accepted by the unions. John F. Roam, a member of the national council of the United Mine Workers, said the men would agree to a 10 per cent reduction of wages if given an eight-hour day.
